CC	Custom RAL color (consult factory)

The **GRUUV Track System** allows for the ultimate in design control and installation versatility. These minimalistic, adjustable COB LED heads are multi-taskers at heart, just like you. Specify multiples into a convenient and easy-to-install track mount system or as individual surface or wall mounted. At less than 2-1/2" diameter, the sleek cylindrical track heads complement any design style: Hospitality, Corporate Offices, Residential, Retail, Restaurant and Entertainment Venues.

LIGHT ENGINE >
COB LED with integral dimmable driver. Single circuit. 10W, 800 lumens. 90+ CRI. 120V (track system). 12°, 24° and 36° beam angle reflectors are included for on-site lighting application.

CONSTRUCTION > 7-1/2" overall height. 2-5/16" diameter. Integral driver. Heavy-duty, die cast aluminum construction with powdercoated finish. Die-cast aluminum extruded heat sink. All electrical components are installed, wired and 100% tested prior to shipping.

POWER >
Track system [TR]. Choose track length, color and wiring. Sold separately. Consult factory for configuration options.
Surface Mounted [SF]. Includes canopy for mounting to a recessed ceiling J-Box.

RATED > UL. ETL. Dry/Damp Location.

WARRANTY > 3 years.
